## Trophies

### **Above and Beyond the Rest**

This 18 inch tall first place award was presented at a high-level motorcycle race. Many elements work together to create an exciting theme. The top arch is made of acrylic with a silver Mylar overlay and laser etching. The front multi-colored, swirl brushed metallic pattern has a rainbow effect and a transparent, anodized stain. "First Place" is etched on blue tint glass. The metal, front gold piece is curved adding to the dynamism of this piece.
