Wall Recognition

Stone Mount Dedication

A generous space is reserved for wording and graphics on this dedication plaque. Perfect for commemorating a hospital wing or other public area where passersby can view recognition. A permanent look is achieved with brass fasteners that appear to hold the structure to the wall. 18" tall, it comes with Haertling.com's "easy-attach wall mounting bracket", which allows for the safe and even attachment of the plaque with only an electric screwdriver.

Provided is a full-size template for perfect placement.
