## Large Plaques

### Environmental Stewardship Plaque

This piece is a reminder of the natural areas close to the heart, yet in the distance. The 11.5" tall x 10" wide format makes this a fitting display for a fireplace mantle or proudly hung on a home-office wall. The mountain imagery is a beautiful way to say thanks for years of public service or, with a different message in the background, simply given as a piece of local art to an out-of-town visitor.
