Recycled Content Award

Floating Graphic On a Rock (*RRRM Platinum*)

Commemorating the 40th Anniversary of Woodstock, these gifts were given as a special thanks to performers and the volunteers at Red Rocks Amphitheatre in 2009. The bases were made with recycled flagstone scraps gathered from stonemasons in Lyons, Colorado. As a contrast to the solid look of the stone, the colorful graphic appears to be floating in mid air, even though it is securely attached to a clear panel of recycled acrylic. 5" tall, Made from 100% recycled materials. (*RRRM Platinum*)
